

COLLINS AVIONICS SERVICE PROGRAM

COST-EFFECTIVE SERVICE SOLUTIONS

Available for select turboprop and light jet aircraft

Unplanned failures can be costly. But they don't have to be. Collins Avionics Service Program (CASPSM) gives low-flight-hour operators a simple way to cover all the Collins Aerospace avionics and cabin electronics on board their aircraft at an affordable price.

CASP Essential offers dedicated customer support, budget predictability and worldwide asset inventory – ensuring you get the parts and repairs you need to stay on time and on budget, no matter where you are in the world.

CASP ESSENTIAL AIRCRAFT ELIGIBILITY

FMC/MDC/ADC battery replacements		✓	✓

* For CASP Essential only, five includes exchange, rental, repair and "no fault found" events.

** Excluding service bulletin upgrade programs.

PROGRAM COVERAGE

With CASP Essential, you'll receive coverage of up to five events per year. These events can be any combination of exchanges, rentals, repairs and no fault found (NFF) units.

PRIORITY CUSTOMER SUPPORT

You'll have 24/7 AOG customer support, and parts ship within 24 hours. Priority shipping is included both ways in the United States, with no restocking or recertification fees for unused exchange units.

INCREASED SERVICE LIFE

We regularly upgrade assets in our global pools to incorporate the latest reliability enhancements. Backed by OEM parts and our one-year warranty, these components increase the service life of your aircraft and minimize operational costs.

SIMPLE AND PREDICTABLE COST

At the start of the program, you'll receive a single invoice based on your forecasted operating hours. Simply report your annual hours at the end of the year and we'll take care of the rest.
